**Part IV – Narrative Descriptive of Your Activities**

F U, Inc is a nonprofit corporation organized and operated exclusively for charitable purposes, specifically, to offer students from underprivileged communities the most effective and personalized support system, as well as stimulating and broaden horizons by partnering with some of the best representatives from the academic, professional, and arts communities.

The following activities will be conducted:

- 1) Scholarship Program – This program will help support students in underprivileged communities with their choice of accepted universities or colleges. Scholarships will be awarded to students who have a desire and aptitude to succeed and who have limited resources. We will provide financial assistance to college students throughout the year to supplement their collegiate needs.
- 2) Peer to Peer Mentoring – This program will assist in creating an uplifting environment both spiritual and physical for students dealing with fears both in school and out of school. A peer mentor will be another student who can serve as a resource, a helping hand, providing support, encouragement, and information to students.
- 3) Peer to Peer Tutoring – This program will parallel with the mentoring program enlightening the experience of both the tutor and the tutee and facilitate both cognitive and social gains in the tutor and the tutee in a positive way. Peer tutors are not teachers, they are helpers who will motivate and encourage struggling students to practice reading, math, and writing skills that were previously taught. The tutor will give immediate corrective feedback as needed by tutored.
- 4) The William Shivers Program – The program is a school debt program assistance that gives an opportunity for students that owe money to any University, College or Trade School an opportunity to pay off debt to finish their degree. This program is not a loan program. This program is strictly for assisting students in paying off any prior school debt so that they may return to their already enrolled school, have official transcripts for graduation or transfer purposes, or to continue with their education in a school of their choice. This program encourages return payments as donations from participants that will be accepted as donations, to F U, Inc. F U, Inc. will either match or exceed participants payments either weekly, monthly or all at once depending on the amount due and the funds available from F U, Inc.

FU, Inc. purpose is to merge education with creativity and inspiration for the underprivileged and enhance them with cultural and professional exposure. We will begin these programs immediately and they will be administered by the officers and directors of the organization who will also venture out to ascertain qualified mentors, helpers and tutors. Our programs are open to the public and will be conducted at our headquarters listed on the Form 1023.
